

Broad Heath Primary School, Coventry

Outdoor synthetic turf pitch & rebound fence

bradleys

SURFACING SYSTEMS

We designed and installed a Multi-Use-Games-Area (MUGA) for Broad Heath Community Primary School in Coventry.

Our team installed a 15mm insitu rubber shock page, TigerTurf's Evo Pro synthetic turf and also a 3m higher super rebound twin bar fence.

This now makes the ideal, sports pitch for their students to improve their sporting performance and wellbeing!

CLIENT
Broad Heath
Primary School

AREA
2,007m²

SCOPE
Outdoor synthetic turf
pitch & rebound twin
bar fence

"Bradleys were great to work with from day one to completion: handling our planning application, project managing throughout, liaising with other contractors onsite and delivering an excellent MUGA to the highest standard. I would recommend them to any school looking for sports surfacing and we look forward to working them again in future as we continue to develop and improve the outdoor areas at the school."

Martyn, Facilities Manager"
